QUICK LEARNER, SELF MOTIVATED, TEAM PLAYER

Passionate about transforming ideas into innovative software solutions and designing efficient systems. Eager to tackle new challenges and contribute my skills to impactful projects while collaborating with like-minded professionals.

EDUCATION

L. J. Institute of Engineering and Technology [GTU]

Bachelor's Degree in Computer Engineering
CGPA: 8.62/10
2020 – 2024

Blue Bell School [GSEB]

Higher Secondary
2019 – 2020

Little Flower School [GSEB]

High School
2017 – 2018

SKILLS

Technical Skills:

Backend	Frontend	Database
Python	HTML	MySQL
Java	CSS	Firebase
C#	JavaScript	SSMS

Non-Technical Skills:

- Strong organizational and time-management skills
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously

CERTIFICATIONS

- Crash Course on **Python** by **Google**.
- NPTEL Python** for Data Science.
- NPTEL** Data Structures and Algorithms using **Java**.

HOBBIES

- Badminton
- Swimming
- Travelling

PROJECTS

QR CODE ATTENDANCE

2023

JavaScript & Google Forms

- This project utilizes Google Forms and JavaScript to automatically generate and send unique QR codes to participants upon form submission.
- Developed a QR code system integrated with email campaigns, enabling participants to confirm attendance by scanning codes, streamlining the check-in process.

SCHOOL MANAGEMENT PORTAL

2024

.NET Framework

- This project is built using the .NET Framework, incorporating frontend technologies like HTML, CSS, JavaScript, and jQuery, along with an SSMS database managed via Entity Framework.
- The portal allows admins to manage students, courses, and teachers, with features to view, add, update, and delete entries. It also includes grade-based student filtering.

TOURISM MANAGEMENT PORTAL

2024

.NET Framework, APIs & Entity Framework

- It is a project built with .NET Framework, Frontend technologies like HTML, CSS, JavaScript, jQuery and SSMS database with Entity Framework in a 5-layered architecture with APIs performing CRUD operations on database.
- The system enables admins to manage bookings and tourists with full CRUD operations, including advanced search and sort functionality.

INTERNSHIPS

ANDROID APP DEVELOPMENT

2023

eInfochips PVT. LTD. | 07/2023 - 08/2023

- Developed an Android app that allows users to order food, with admin supervision features. Users receive real-time notifications upon order placement.

DOTNET DEVELOPMENT

2024

Injala PVT. LTD. | 01/2024 - 05/2024

- During my .NET internship, I gained a strong foundation in front-end technologies (HTML, CSS, jQuery, JavaScript) and enhanced my expertise in back-end development with ASP.NET, Entity Framework, SQL, APIs, and the .NET Framework.
